Re: PCB Treatment, Superfund Sites

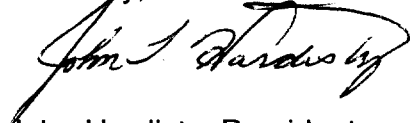

Dear Ms. France-Isetts:

I am in receipt of your 6/14/96 correspondence regarding the above mentioned investigation. Please note my corporation, North American Environmental **Group**, was formed in 1993 to bring overseas environmental recycling technology to the United States however, **no business was ever conducted** under this name. Perhaps my company name is the same or similar to another, that was in existence during the time period of 1982 through 1987.

Kindly remove North American Environmental Group from your list of companies required to respond to your request for information.

Please feel free to contact me if you need additional information.

Sincerely,

John Hardisty, President
North American Environmental Group
